Volume Number 2

Welcome

Welcome to our new winter guests and a big thank you to all of you who have been in the park all summer. The park has taken on a new look we have been hard at it, painting, cleaning, landscaping, decorating and construction all around big and small improvements. Take a look and see the new laundry facilities, newly refurbished bath house the community room for sports and movie nights, or just plan relaxing and reading a book from our lending library exchange. The pool table has been refurbished for our tournaments. The swimming pool deck has been expanded and enclosed by new white security fencing and beautiful landscaping. We have new picnic tables. I emphasize PICNIC therefore not to be used for plants, storage table, Etc. Please keep them on your patio or front carpet so we can get through for lawn maintenance. If you do not need one because you never use it, that's fine not everybody needs to

2008 Season

Well, the fall has finally come and the cooler weather is upon us. The summer was as usual HOT & HUMID .So far we have not had any hurricane damage and hope not too.

We are looking forward to all the activities we have in mind and will welcome any new ideas as well. If you would like to be part of the activities committee we will have a sign up sheet .We will need cooks, clean-up, planning, decorating ,idea people, Etc.

Our first big dinner will be Thanksgiving Dinner. The park will supply the Turkeys and Ham, we just ask everyone to bring a covered dish or a dessert. Watch for the sign up sheet and put down what you plan to bring. Afterward we will be having a Chinese auction. We will post the info on the Chinese auction in the office and bulletin board.

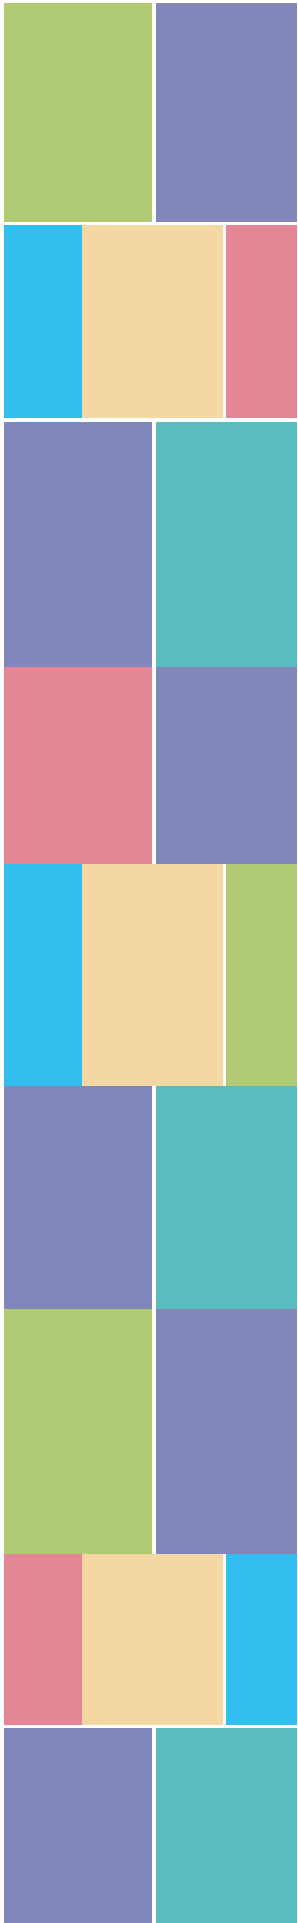

Looking Forward

We are looking forward to an enjoyable season there are going to be a lot of adults at play so please remember to drive friendly and safely. The dumpster is for household trash only; any large or environmentally unsafe items must be taken to the Sumter county recycling landfill. There is an aluminum can recycling barrel behind the dumpster area. Pick-up days for the dumpster are Monday, Wednesday and Friday . Please keep your site clean and free of litter free of litter.

COMEDY & HEALTH

Grandma's Age : Little Johnny asked his grandma how old she was. Grandma answered "thirty-nine and holding" Johnny thought for a moment and said, "And how old you would be if you let go?"

Vitamin D has been credited with fighting everything from cancer to chronic pain.
